LEARNING ABOUT CHINA TODAY

SCEN membership is open to everyone who is keen to promote the learning of Chinese and about China in Scottish Schools.

The Scotland China Education Network, "SCEN", was founded in 2006 to bring together teachers, young people, individuals, national agencies and associations keen to promote teaching and learning Chinese language and culture in Scottish schools.

In challenging times, learning about China and the Chinese language is more important than ever.

Let's make sure young people in Scotland are able to grasp these opportunities.
